Scientific Program

The Meeting is an excellent opportunity for the members of the SoHT and other persons interested in hair analysis to exchange ideas and information. The main topic in this Meeting will be accreditation in hair analysis. After a working-day we will try to achieve a consensus on this subject. The program, distributed in three sessions, will include invited speakers, as well as oral and poster presentations, which will emphasize current problems and recent advances in hair analysis. These sessions will be:

- **Session 1:** Environmental and Biological Markers
- **Session 2:** Criteria for Accreditation on hair analysis
 - Definition
 - Experience in different countries (France, Germany, Switzerland, USA, other countries)
 - Applications of hair analysis in different fields (veterinary, toxicology, drugs and driving, workplace, sexual assaults, forensic)
 - Guidelines and Proficiency Tests
 - Discussion and Consensus
- **Session 3:** Progress in hair analysis techniques: New methods and substances
