

Analytica Conference 2014

(<http://www.analytica.de>)

Symposium

“Drug Testing and Metabolism in Samples Beyond Conventional Matrices”

Organized by the

Society of Toxicological and Forensic Chemistry

(Gesellschaft für Toxikologische und Forensische Chemie, GTFCh)

Munich, April 02, 2014

(Chairperson: Hans H. Maurer, Homburg/Saar)

14:00	Christophe Stove, Gent	Drug Testing in Dried Blood Spots
14:30	Olof Beck, Stockholm	Drug Testing in Exhaled Breath
15:00	Markus R. Baumgartner, Zürich	Drug Testing in Finger Nails
15:30	Coffee Break	
16:00	Adrian Covaci, Antwerp	Drug Testing in Waste Water
16:30	Markus R. Meyer, Homburg/Saar	Drug Metabolism by Waste Water Microbes
17:00	Frank T. Peters, Jena	Drug Metabolism by Fungi Colonizing Decomposing Human Cadavers

For participation in this symposium, you will get four credit points for the continuing education of Forensic Toxicologists GTFCh, Forensic Chemists GTFCh, and Clinical Toxicologists GTFCh.
